

BEN NEVIS 2020 SALES

www.bennevisangus.com.au

ESTABLISHED 1947

9 SEPTEMBER
70 THUMPING
YEARLING BULLS

13 OCTOBER
DISPERSAL OF G, H, J, K AND L COWS
INCLUDING DONORS

Well what a humdinger of a couple of years – starting with a mini cyclone, ending with a bushfire and rounding out the centre with the two worst drought years in history. To say that we are simply grateful to still have our cows and grass is a massive understatement and we wish all those still suffering relief soon.

This Spring we will have two sales – 70 bulls at our usual annual Yearling Bull Sale on 9 September, and 120 PTIC cows at our Mature Female Dispersal on 13 October 2020.

Having weaned the bulls down to as young as six weeks we are delighted that they have done so well to present for your inspection for our annual yearling bull sale. Similarly we are wrapt that the cows have powered since the drought ended and it's a testament to early weaning and their constitution. We know many of you have been waiting patiently for this Mature Cow Sale and we have been flushing accordingly throughout the drought to make it a reality.

On sale will be all of our F, G, H, J, K and L cows including our Donors. They present as Spring and Autumn calvers PTIC to some of the

industry's hottest bulls including the \$160,000 MM Paratrooper, crowd favourite Baldrige Beast Mode, as well as our own \$32,000 Ben Nevis Metamorphic, \$30,000 Ben Nevis Prime, \$28,000 Ben Nevis Propogate and the \$24,000 Ben Nevis Newsflash.

We are a fourth generation, family run business that believes strongly in the power of female lines. We value quality and integrity and are offering a unique opportunity to tap directly into our program. Inspections are welcome.

OPEN DAYS:
BULLS TUESDAY 18 AUGUST
COWS MONDAY 12 OCTOBER
OR INSPECTIONS WELCOME BY APPOINTMENT

Yearling bulls have proven less injuries to themselves as well as less injuries to your cows and heifers. They also have proven longer working lives and more calves meaning less \$/calf. Bulls were meant to work as yearlings. Over 2/3 of our draft are suitable for heifers.

2020 MATURE COW DISPERSAL DONORS

THE POWER OF FEMALE LINES

BEN NEVIS JEAN H125 Ben Nevis Frontrow x Jean D71

Ben Nevis Jean H215 is our most treasured cow and is not only the heart of our herd but has been our unique outcross edge. While not a big cow she packs a hell of a punch with her progeny. She is the dam of Newsflash who sold to Bannaby for \$24,000, as well as Jean K80 (pictured right) who is the dam of the \$32,000 Metamorphic. She has six daughters in our Donor Program.

BEN NEVIS JEAN K80 Ben Nevis Eritrea x Jean H215

K80 is a third generation donor and is a massive cow with a soft skin and coat. Her first calf Metamorphic sold to a syndicate that included Banquet, Fernleigh, Atahau and Twin Oaks in 2017. Metamorphics first 14 sons sold this Autumn at Banquet to average \$13,000. He is our lead join sire this year. Her dam is the legendary H215 (left) and she is a maternal sister to the \$24,000 Newsflash, as well as five donor sisters. She is our unique edge and is all our breeding.

BEN NEVIS JEAN H103 Empire X Jean B16

Our most prolific donor who just punches out one powerful bull after another no matter who you join her to and flushes well every time. We have a treasure trove of daughters retained and embryos in utero to Beast Mode. Her son Ben Nevis Nuttela sold for \$18,000 to Robert Skipworth in 2018, and another son Ben Nevis Legendary sold for \$18,000 to Valorbrook Angus in 2017.

BEN NEVIS JEAN K2 Infinity x Jean H93

Another star from this super predictable cow line and her younger sister N55 has just joined the Donor Pen as well. When K2's heifer calf topped the IMF and growth in her contemporary and then she calved down a cracking bull calf, we knew we had to fast track this line. Big capacity, easy doing and she hits a home-run no matter what you join her to.

BEN NEVIS GERANIUM K18 Ayrvale Bartel x Geranium H84

Our most exciting young donor who is just starting to hit her straps. She has had three stunning bull calves. Her son Ben Napoleon N214 sold for \$18,000 to Coolie Angus in 2018 and Ben Nevis Porsche P186 for \$11,000 to Injemira Beef Genetics in 2019. No other cow in our herd blends powerful phenotype with such strong data into her calves, while adding pure flair. We have embryos in utero to Beast Mode. Her maternal aunt is donor Geranium J134 (pictured right).

BEN NEVIS GERANIUM J134 Millah Murrah D78 x Geranium B77

Geranium J134's maternal sister H84 is also the dam of K18 (pictured left). J134 is a star in her own right having three retained daughters, including Donor N61 and her only son the \$28,000 Ben Nevis Propagate P37 that sold to Merit Farms in 2019. We have embryo's in utero to Beast Mode. All the Geraniums in this sale stem back to the legendary E40.

BEN NEVIS DORMIST L28 Stewie x Dormist F71 (Calf not for sale)

L28 is a third generation donor dam and the workhorse of our Donor Program consistently producing best on ground. Her dam is a maternal brother to our enduring Stud Sire Eritrea whose daughters will feature in this sale. She throws a unique combination of natural expressive thickness and IMF and her opportunities are endless.

BEN NEVIS JEAN L115 Comrade x Jean G117 (Calf not for sale)

Excuse the pun, but the genes in the Jean Family are very strong. L115's dam is a maternal sister to H215. L115 is the most impressive cow in the flesh and has so much dimensional width and volume. She boasts the best heifer calf of the Autumn drop. L115 has massive capacity with a big rib, top and quarter and a lovely wedge front with overall poise. She is definitely a hot prospect.

BEN NEVIS GERANIUM J115 Bartel x Geranium G201

J115 goes back to our foundation Geranium E40 who is at the heart of the very success of Ben Nevis. Having bred two outstanding bull calves and three retained heifers, she also topped her contemporary for growth and IMF. She embodies the female we aspire to – a good head, fine skin, a deep rib and a beautiful nature. Her son Ben Nevis Narwhol sold for \$15,000 at our 2018 sale to Ollera Station.

BEN NEVIS JEAN G22 Infinity X Jean E45

We have ten stunning daughters retained from this gentle giant, with two already in the Donor Program going forward. Her son Ben Nevis No Fear made \$15,000 in our 2018 sale and another son Nova N6 was kept for a stud sire. G22 was the highest scanning IMF and growth heifer in her contemporary. She has been a wonderful asset to us and with her kind nature she is a real pleasure to have around.
